**ERVIN TEJARAT NOJAN Ltd. (ETN)** is a leading company in distribution of niche perfumes in Iran. Established in 2005, the company is headquartered in Tehran with warehousing facilities in Kish Island, Paris and Dubai. Our vision is to distribute, in limited quantities, the most precious and rarest scents from around the world.

ETN is the exclusive distributor of many top international brands. We buy fragrances from the brand manufacturers located in different parts of the world, consolidates them in warehouses in Paris and Dubai, ship and store them in our warehouse in Tehran. This enables us to supply our customers with fine, rare perfumes within a few days from the date they submit their orders. Country-wide distribution allows our customers to focus on their core competencies; that's why the company sells to customers across Iran using expedited courier to assure orders are fulfilled in a timely manner.

Our belief that perfumes should be cherished and kept preciously, drives our enterprise. Fragrances are personal and each individual desires a unique scent. Our brands are distributed in limited quantities worldwide. This preserves brand image. These fragrances are acquired by the most discerning patrons and the opportunity to market our brands to the Iranians who appreciate "haute parfumerie" is our ambition.

We believe that our employees are our most vital assets and their expertise is what allows us to exceed our customers' requirements.
